

WHEELS RANGE

Car care

Description

Thanks to the wide range of Repsol products prepared for the care and maintenance of the wheels of your vehicle, the following products will give you maximum performance:

Repsol Cadena Líquida

Product formulated to give a good grip on slippery surfaces (ice or snow).

Instructions: Shake before use. Spray evenly on the whole surface of the wheels. Leave to work for a few minutes before resuming your journey.

It comes in a 300 mL spray.

Repsol Limpia Neumáticos

Product for cleaning all types of wheels. It protects and buffs rubber surfaces

Instructions: Spray directly on the surface to be cleaned. Rinse with water after cleaning.

It comes in a 500 mL plastic spray container.

Repsol Limpia Llantas

Product that eliminates dirt from all kinds of hubcaps, especially aluminium; it completely removes dirt, brake dust, oil and grease residues, and leaves the hubcap shining

Instructions: Spray directly on the surface to be cleaned. Rinse with water after cleaning.

It comes in a 500 mL plastic spray container.

Repsol Repara Pinchazos

Inflates and repairs tyres with or without air chambers.

Instructions: Remove the object that caused the puncture. Shake the container. Screw the adapter into the valve. With the container upright, squeeze all the content into the wheel. Inflate the wheel to the required pressure as soon as possible.

It comes in a spray:

- 125 mL: suitable for scooters or bikes.
- 300 mL: suitable for motorcycles or cars.
- 500 mL: suitable for 4x4s
